VIDEO PERFORMANCE

1920 x 1080 Full HD resolution: Highest resolution available is combined with an image scaler to handle inputs from a variety of sources.

Wide Color Enhancer: Optimizes a color's hue, resulting in a more natural rendering of colors.

70,000:1 Dynamic Contrast Ratio: Black tones and shadow areas are rendered superbly and with great range versus brilliant whites.

Response Time: A fast 6ms response time minimizes blurring of fast motion in sports or action programs.

AUDIO PERFORMANCE

Dolby™ Digital Plus: Creates an immersive, feature-rich surround sound experience from two speakers, complete with rich bass, high frequency detail and clear dialog.

Invisible, Bottom Firing Speakers: Hidden from view, 20 watts of audio power project a full sound throughout the guest room.

Auto Volume Limiters: During initial product set-up, minimum and maximum volume levels can be locked to help minimize disturbance to other hotel guests.

Bathroom Speaker Output: Enables connection of a remote speaker in another area of a hotel guest room.

FEATURES

Hotel Logo On-Screen Display: Enables the hotel's logo to appear when the television is powered on.

USB Cloning: A quick and easy way to copy the ideal settings of one television to others on the property. Saves time and helps provide a consistent viewing experience for all televisions.

Front Panel Lock-Out: Prevents unauthorized access to TV's menu. Helps ensure problem-free in-room guest experience.

Swivel Table Stand: Provides adjustable viewing angles throughout the guest room.

Multi-Code Remote: Eliminates interference when two or more TVs are used in close proximity.

One Time Alarm: Automatically resets after one use.

Anti-Theft Battery Cover: Battery door is secured helping to always keep batteries in the remote controller.

Touch of Color™ Design: Samsung's unique manufacturing process accents the surrounding bezel with a stylish red tone.

Closed Captioning: A text display of all audio content including spoken dialog and non-speech information such as the identity of the speakers and symbols for sound effects and music.

V-Chip system¹: Allows blocking of rated TV and Movie programs determined by a parent to contain objectionable content.

Variable Sleep Timer: Can be programmed to power off the TV at different time intervals.
