2016 Product Catalog

AC Furniture Company, Inc. (ACF) is one of the country's largest contract manufacturers of seating for the hospitality, healthcare and food service industry. In continuous operation since 1977, ACF is a privately held VA company and employs over 400 people.

Owned and managed by the founder since inception, ACF is a primary supplier to some of the best known names in our industry. With annual revenues of approximately \$40 million, the company currently builds and ships over 7,000 pieces of furniture per week.

With plants in Axton, VA and Eden, NC the company maintains a combined 1,000,000 square feet of manufacturing and warehouse space. These outstanding facilities are the equal of any in the country and demonstrate the wherewithal to provide high value products, consistently, and on time.

ACF offers a diversified catalog product line of wood and fully upholstered seating including lounge chairs, sofas, sleepers, task, ergo and activity chairs, benches, stools, and occasional tables. In addition to offering a broad selection of catalog items, the company also excels at producing unique custom products specifically designed for the customer's need. ACF's manufacturing capabilities enable clients the ability to have custom built seating based on their proprietary design specifications while meeting budgetary objectives.

The ability to react to customer need and demand is further enhanced by an extensive on hand inventory of unfinished wood frames as well as the manufacturing capability to produce our own frames from raw lumber. With over 300,000 frames in inventory at any given time, ACF is especially suited to handling the demands of key accounts. Our demonstrated willingness to maintain significant inventory allows us the ability to deliver on short notice. And, when combined with our mill direct fabric program, allows us to provide outstanding value on all upholstered items. We currently have relationships with national and regional companies whereby we build and stock their product(s) in order to provide a 2 to 3 day shipping window.

The ACF inline fabric program provides an extensive selection of over 2,000 patterns/colorways including Crypton fabrics that meet and/or exceed the minimum abrasion standards of our industry. All standard fabrics conform to meet the small scale flammability test requirements for upholstered materials contained in specifications such as CA Bulletin 117, UFAC Class 1, NFPA 260 and BIFMA Class 1. ACF also has mill direct relationships with both domestic and overseas fabric mills and can offer clients the opportunity to source and maintain their program standard fabrics. We also provide COM on all styles.

ACF consistently demonstrates its precision manufacturing capabilities and its dedication to producing quality furniture. The results are evident with the custom 7-step, hand finishing process for exposed wood furniture. The finishing process allows ACF to provide a wide variety of custom colors as required by the client. Offering more than the normal collection of "standard" finishes is another way the company brings value and customer service together.

For over 30 years, AC Furniture has experienced ongoing and continuous growth in sales and profitability. We continue to work toward our goal of becoming a market leader and have the commitment of each of our 400 plus employees and associates. Our pledge is to consistently provide quality merchandise, responsive customer service, and high value products to all the markets we serve. By doing so, we will continue to demonstrate that ACF provides products that are not more than you need but more than you expect.

- *Any custom finish that is more complex, please submit a sample for special pricing.
- *Finishing will vary slightly with the grain naturally in the wood and natural color in wood, especially on lighter finishes.
- *Finish will vary slightly in color from job to job, just like the color variances in fabric between dye lots.

FOAM:

- *Standard foam used is polyurethane of a minimum density of 1.8 lbs., meeting California Bulletin 117 specifications.
- *Other Grade foam and fire retardant barrier cloth covers available through request by specifications and pricing.

FRAMES:

- *Exposed wood frames are made from premium grade kiln-dried hardwood.
- *Upholstered frames are made from hardwood plywood with interlocking tenons and with steel angle brackets in each corner.

MATTRESS:

- *Standard mattress is a 6" innerspring unit measuring 24", 40", 52", or 60" wide.
- *Mattresses are not available for individual purchase. They are sold as part of a sleeper unit only.
- *Memory foam mattresses are available as a product upgrade.

SCOTCHGUARD:

- *Scotch-guard is offered on our product at the following prices: Queen Sofa \$28.00 each, Full Sofa \$17.00 each, Loveseat \$14.00 each, Lounge Chairs from Eden \$12.00 each, and Aston products \$7.00 each.

General Information

CASTERS:

*\$5.00 each

FABRIC:

*Yardage requirements shown are based on 54" wide plain goods. Yardage requirements shown are also based on quantity orders.

*COM (Customers Own Material): Customer must get a fabric identification number from Customer Service so our receiving department can identify and match COM to your order.

*Once ID# is obtained, all COM fabric must be shipped to AC Furniture Co., 13046 NC Hwy 87, Eden, NC 27208 via COMMON CARRIER.

*Due to many variables of fabric we do not guarantee yardage estimates.

*Fabric with repeat of 2" to 10" add 15%; repeat of 11" to 20" add 25%; repeat of 21" to 30" add 35%; repeat of 31" to 40" add 45%.

*Unless specified by the customer, all fabric will be applied according to the judgment of the factory.

FINISH:

*We finish to customers supplied color panel.

*Any custom finish that is more complex, please submit a sample for special pricing.

*Finishing will vary slightly with the grain naturally in the wood and natural color in wood, especially on lighter finishes.

*Finish will vary slightly in color from job to job, just like the color variances in fabric between dye lots.

FOAM:

*Standard foam used is polyurethane of a minimum density of 1.8 lbs., meeting California Bulletin 117 specifications.

*Other Code foam and fire retardant barrier cloth covers available through request by specifications and pricing.

FRAMES:

*Exposed wood frames are made from premium grade kiln-dried hardwood.

*Upholstered frames are made from hardwood plywood with interlocking tenons and with steel angle brackets in each corner.

SCOTCHGUARD:

*Scotch-guard is offered on our product at the following prices: Queen Sofa \$20.00 each, Full Sofa \$17.00 each, Loveseat \$14.00 each, Lounge Chairs from Eden \$12.00 each, and Astor products \$7.00 each.

ARM COVERS & PADS:

- *Upholstered arm pads available on exposed wood frames: Add \$8.00 per pair, Grade 1.
- *Arm covers for fully upholstered items are \$21.00 per pair, Grade 1.

FABRIC:

- *Yardage requirements shown are based on 54" wide plain goods. Yardage requirements shown are also based on quantity orders.
- *COM (Customers Own Material): Customer must get a fabric identification number from Customer Service so our receiving department can identify and match COM to your order.
- *Once ID# is obtained, all COM fabric must be shipped to AC Furniture Co., 13846 NC Hwy 87, Eden, NC 27209 via COMMON CARRIER.
- *Due to many variables of fabric we do not guarantee yardage estimates.
- *Fabric with repeat of 2" to 10" add 15%; repeat of 11" to 20" add 25%; repeat of 21" to 30" add 35%; repeat of 31" to 40" add 45%.
- *Unless specified by the customer, all fabric will be applied according to the judgment of the factory.

FINISH:

- *We finish to customers supplied color panel.
- *Any custom finish that is more complex, please submit a sample for special pricing.
- *Finishing will vary slightly with the grain naturally in the wood and natural color in wood, especially on lighter finishes.
- *Finish will vary slightly in color from job to job, just like the color variances in fabric between dye lots.

FOAM:

- *Standard foam used is polyurethane of a minimum density of 1.8 lbs., meeting California Buletting 117 specifications.
- *Other Code foams and fire retardant barrier cloth covers available through request by specifications and pricing.

FRAMES:

- *Exposed wood frames are made from premium grade kiln-dried hardwood.
- *Upholstered frames are made from hardwood plywood with interlocking tenons and with steel angle brackets in each corner.

SCOTCHGUARD:

- *Scotch-guard is offered on our product at the following prices: Queen Sofa \$20.00 each, Full Sofa \$17.00 each, Loveseat \$14.00 each, Lounge Chairs from Eden \$12.00 each, and Astax products \$7.00 each.
